

2010 Employment Survey Candidate Questions

To get a more accurate picture of employment trends in the field, the Job Center conducts a web-based, anonymous survey to track hirings by specialization and to collect demographic information on job candidates. In the spring of 2011, surveys were sent to the 480 candidates who registered for the 2010 AAR Annual Meeting Job Center. Of the 480 candidates, 152 responses were received (32 percent response rate). Below are complete results of the survey. The survey is performed online, and the horizontal lines below represent a new page of questions.
